**Logistics management and strategy: competing through the ...**

Logistics Management. Effective logistics management can provide a major source of competitive advantage. The bases for successes in the marketplace are numerous, but a simple model has been based around the three Cs - Customer, Company & Competitor. The source of competitive advantage is found firstly in the ability of the organization to differentiate itself, in the eyes of the customer, from its competition and secondly by operating at a lower cost and hence at greater profit.
