The Complete Software Project Manager: Mastering ...

The Complete Software Project Manager. It explains what you want to accomplish with this project, why, and how in a manner that is both easy to communicate to stakeholders, and that is just detailed enough to give those stakeholders an idea of whether the idea is worth pursuing to the next stage. (The next stage would be to flesh out the charter in more detail; for example, to expand any cost assumptions you made in the project charter into an actual proposed budget, and to expand the ...
