Moses
—Ancient History Encyclopedia

He was chosen to lead Israel out of slavery and give them God’s laws.

The Story of Moses
—The Old Testament (Bible History Online)

Protestant reformers of the sort who wanted to see the adoption of Mosaic law had more luck in the colonies than in England itself—one thinks of John Cotton’s 1636 ‘draught of laws agreeable to the word of God’, intended for the Massachusetts Bay colony and soon known as ‘Moses His Judicials’, not formally adopted but influential nonetheless (and that seems even now to retain a certain cachet amongst advocates of theonomy in the contemporary U.S.) But in England, even the ...

—The Israelite Prophet and Lawgiver Known as Moshe
...

Moses and Joshua went up on Mt Sinai. They traveled together but only Moses went up to the top to meet with God. The consuming fire appeared on the top of the mountain as God met with Moses in the sight of the elders of Israel. Joshua saw God meet with Moses.

The History of Moses and Joshua
—vassal of the King

Moses was a teacher (rabbenu) to the Israelites and taught them the nature and ways of Jehovah their God. He is seen as an important prophet in Judaism as he was a medium where the Lord could work and talk through him. He showed the Israelites God’s power increasing their faith in Jehovah at their time of need.

Outline roles played by Moses in the history of the Israelites

In our reconstruction, the children of Israel were expelled from Egypt because of the murder of Joseph. Moses was born to Joseph’s widow, Asenath, and raised as a priest in the Temple of Heliopolis where many years earlier the Pharaoh Akhenaten had created monotheism. Born after the expulsion, Moses was the sole Israelite left living in Egypt.

In this groundbreaking work, the authors reexamine humanity’s most enduring account of bondage, emancipation, and freedom. The Great Exodus is the story of how one man, empowered by divine epiphany, brought the mighty ancient kingdom of Egypt to its knees. For thousands of years, this story has bolstered the faithful of three major religions, though little historical data confirms it. So the question must be asked: Did it ever really happen? Roberts, a historian and theologian, and Ward, an archaeologist, Egyptologist, and anthropologist, dig deeply into historical records to answer the most vexing questions: Is there any historical evidence for the biblical account of the Great Exodus? Was Moses a real person? Where is the Biblical Mount Sinai? What is the Ark of the Covenant, and where did it come from? Why did Moses write about the Serpent and the Nephilim? Is there a Templar and Masonic connection to the events and personages in the story? Did the Exodus take place under Amenhotep II or Amenhotep III, two pharaohs of the same royal house separated by two generations and 80-odd years? Or were Thutmose III, Hatshepsut, and Amenhotep Son of Hapu at the core of the action? The authors present two opposing, yet strangely interlaced historical accounts for the Exodus, naming the historical pharaohs and surprising candidates for the historical Moses. While Roberts presents an account that finds its moorings in the efficacy of scriptural historicity, Ward presents a new and completely unique theory for the Exodus and its cast of characters.

An exegetical study of the call of Moses, the second giving of the Law, the new covenant, Paul’s self-understanding as an apostle, and the prophetic understanding of the history of Israel. Hafemann’s work demonstrates Paul’s contextual use of the Old Testament and the essential unity of the old and new covenants in view of the distinctive ministries of Moses and Paul.

Have you ever found yourself enjoying the dramatic stories of Exodus, Leviticus, Numbers, and Deuteronomy only to feel the narrative screech to a halt when it collides with long sections of the Law? This book solves that problem.Here you will read the uninterrupted story of Israel, witnessing its descent into Egypt, its slavery, the Plagues, the first Passover, the Exodus, the escape from Pharaoh, the parting of the Red Sea, God’s giving the Law on Mount Sinai, the manna, the quail, and the fiery serpents of the Wilderness Years, the opposition of enemy nations, and the Second Generation’s preparation to conquer the Promised Land.Following this dramatic narrative, the entire Law of God is organized topically at the end of the book, allowing you to feel the full impact, rationale, and burden of the divine legal code condensed into one space.If you want to know the true, full story of Israel’s Exodus from Egypt, this book is for you. If you are a believer, it will enhance your devotions by helping you know the Biblical narrative of the Pentateuch more intimately. If you are a skeptic, its logic will challenge your doubts.Here you will discover facets of the Exodus - surprising things in plain sight - in the ink on the pages of Scripture - but that many have overlooked.

The book consists of three essays and is an extension of Freud’s work on psychoanalytic theory as a means of generating hypotheses about historical events. Freud hypothesizes that Moses was not Hebrew, but actually born into Ancient Egyptian nobility and was probably a follower of Akhenaten, an ancient Egyptian monotheist. Freud contradicts the biblical story of Moses with his own retelling of events, claiming that Moses only led his close followers into freedom during an unstable period in Egyptian history after Akhenaten (ca. 1350 BCE) and that they subsequently killed Moses in rebellion and later combined with another monotheistic tribe in Midian based on a volcanic God, Jahweh. Freud explains that years after the murder of Moses, the rebels regretted their action, thus forming the concept of the Messiah as a hope for the return of Moses as the Saviour of the Israelites. Freud said that the guilt from the murder of Moses is inherited through the generations; this guilt then drives the Jews to religion to make them feel better.
