Elizabeth Gaskell, whose perceptive letters became part of the narrative of PBS's CIVIL WAR series, witnessed a number of crucial events and trends that shaped 19th-century America. These collected letters, addressed to over a hundred correspondents (some renowned), are an invaluable account of both the cataclysmic and the mundane, written with delicacy and verve.

A great deal has been written about Elizabeth Gaskell in the past decade, and Elizabeth Gaskell: An Annotated Guide to English Language Sources, 1992-2001 builds upon Weyant's 1994 work which covered some 350 sources published between 1976 and 1991. This supplement identifies almost 600 new books, book chapters, journal articles, dissertations, and master and honor theses on the life and writings of Gaskell. Contents include two appendixes of new editions of Gaskell's works in print and digital, audio, and video formats; a selection of websites; citations of many brief articles in the Gaskell Newsletter that are generally ignored in standard indexes; numerous sources that would otherwise be difficult to locate; and an author and subject index.

In this beautifully written study, Carolyn Lambert explores the ways in which Elizabeth Gaskell challenges the nineteenth-century cultural construct of the home as a domestic sanctuary offering protection from the external world. Gaskell's fictional homes often fail to provide a place of safety: doors and windows are ambiguous openings through which death can enter, and are potent signifiers of entrapment as well as protective barriers. The underlying fragility of Gaskell's concept of home is illustrated by her narratives of homelessness, a state she uses to represent psychological, social, and emotional separation. By drawing on novels, letters and non-fiction writings, Lambert shows how Gaskell's detailed descriptions of domestic interiors allow for nuanced and unconventional interpretations of character and behaviour, and evince a complex understanding of the significance of home for the construction of identity, gender and sexuality. Lambert's Gaskell is an outsider whose own dilemmas and conflicts are reflected in the intricate and multi-faceted portrayals of home in her fiction.

This 1913 biographical volume is illustrated with a variety of photographs and paintings of people and places in Elizabeth Gaskell's life. The volume is divided into chapters focusing on the cities and homes in which Gaskell lived during various periods in her life and career.
