African-American music is an umbrella term covering a diverse range of music and musical genres largely developed by African Americans. Their origins are in musical forms that arose out of the historical condition of slavery that characterized the lives of African Americans prior to the American Civil War. White slave owners sought to completely subjugate their slaves physically, mentally, and spiritually through brutality and demeaning acts. African-Americans used music to counter this dehumani

Roots of African American Music | Smithsonian Institution

Early African-American Music. The earliest forms of African-American music were imported with the slaves themselves. Slaves brought knowledge of West African musical instruments like drums, zithers, xylophones, and the banjo. Tribal dances from West Africa morphed into “step” dances, and tribal melodies became song styles like the “shout” and the “echo”.
